## ACTIVITIES

Archery	Sports
Swimming	Canoeing
Nature	Camp-wide games
Arts	Hiking
Team Building	Camping
Campfires	

Below are just a FEW of the activities we offer:

## L.I.T & SHORT WEEK

Leaders In Training will still take part in a variety of camp activities, including canoeing, archery, the arts, small group games and camp-wide games, but in a much different capacity! Leaders In Training will have the opportunity to play critical roles in our weekly programming such as characters during the games. Leaders In Training will also spend time with some of our younger campers as mentors..

Camp Vincent is now offering a shortened camp week. If your summer schedule is packed, or just want a small taste of camp, this week is perfect for you! With a week that is only 3 days and two nights. it's a great opportunity for children who are younger or those who are on the fence about staying overnight away from home.

## FIELD TRIPS

We offer a large variety of activities designed to appeal to any age group from JK to Grade 8! We also offer special consultation for leadership programs for high school students as well! Our staff places a high emphasis on age-appropriate games and activities, as well as ways to engage all children in each activity regardless of ability! We strive to custom build each visit to suit a teacher and school group's preferences, needs, interest and curriculum goals.

We also now include an overnight option! Email us for more information at [info@campvincent.com](mailto:info@campvincent.com)
